CarolinaEast Health System is dedicated to quality and compassionate care across the Coastal Carolina region. The flagship of the health system is a 350-bed full service medical center housing a complete compliment of inpatient and outpatient services with the latest technology. CarolinaEast Health System employs 2,500 dedicated team members. We have physician practices in various specialties spanning four counties. Our employees create a culture of excellence that connects our patients to the same level of care that is usually found at larger medical centers while maintaining a friendly, community feel throughout our facilities

Job Summary:

Oncology social workers provide psychosocial services to patients, families, and caregivers facing the impact of a cancer diagnosis. Oncology social workers are compassionate, empathetic, and are good listeners. They operate from a "Strengths Perspective" and build on those strengths to maximize optimal functioning. They are knowledgeable about the psychosocial, emotional, and financial implications facing cancer patients. Oncology social workers are knowledgeable about community and government resources and can access for the patient/family. They help facilitate patients' adjustment to cancer. Oncology social workers help patients navigate the healthcare system.

Minimum Requirements:

The staff member must be able to demonstrate the knowledge and skills necessary to provide care appropriate to the age of the patients served. The individual must demonstrate knowledge of the principles of growth and development over the life span and possess the ability to assess data reflective

of the patient's status and interpret the appropriate information needed to identify each patient's requirements relative to his/her age-specific needs and to provide the care needed. Master's degree from a school of Social Work approved by the Council of Social Work Education. Two to three years of experience in a clinical setting dealing with families, hospitals, and community agencies. Prior experience working with cancer patients preferred. LCSW preferred. Have and maintain a valid license to operate a motor vehicle in the State of North Carolina.

Education:

License or Experience: License or eligible for licensure by State of North Carolina 1-2 years' experience is required

Growing our organization is very important to us. We just opened our newly renovated Women's and Children Pavilion and will open our comprehensive SECU Cancer Center later this fall. We look forward to the next five decades and beyond...building on our history of caring and our tradition of progress.

Come for your career, stay for the people you will serve and the relationships you will develop.
