Assistant/Associate/Professor – BIT Oncology

The Department of Psychiatry, Yale School of Medicine has a position available for Board Certified/Board Eligible psychiatrists with fellowship training in psychosomatic medicine with a subspecialty in oncology. Candidates should be interested in pursuing an academic career and would be affiliated with the largest provider of hospital based psychiatric services in Connecticut. The position entails developing and staffing in and outpatient consultative services to the Yale New Haven Health Cancer Center. The potential leadership possibilities are large and evidence of prior leadership roles is a plus. Many of the services are to be developed and the faculty member would be involved in development of the service from ground up.

The Department of Psychiatry at the Yale School of Medicine is one of the top research and clinical centers in the United States. The Yale New Haven Health division is a major teaching and clinical research component of the Department of Psychiatry. Positions carry full-time faculty appointment within the Department of Psychiatry at the assistant, associate or full professor level depending upon the candidate.

Applicants must be a licensed physician, or eligible for licensure in CT and be legally employable.

Applicants may apply through Interfolio using this link apply.interfolio.com/62940 . Please upload a CV and 3 letters of recommendation. If you have any questions about this position please contact Kimberly Yonkers, M.D. (Kimberly.Yonkers@Yale.edu), Division Director of the Psychological Medicine Service. Review of applications will begin immediately and will continue until the position is filled.

Yale University is an affirmative action/equal opportunity employer. Women, members of minority groups, persons with disabilities, and protected veterans are especially encouraged to apply.
