

# LEVINE CANCER INSTITUTE (LCI) PSYCHOLOGY

## Atrium Health

Carolinas HealthCare System is Atrium Health

### LCI – Psycho Oncology Charlotte, NC

LCI's section of Psycho Oncology is searching for a full time, outpatient **Psychologist** to join their team in Charlotte, NC. This opportunity has a combination of clinical, academic, and research responsibilities in an integrated psycho-oncology section within a thriving outpatient, world class oncology service line. Schedule is Monday through Friday, 8a-5p with no weekends, nights, or call. Candidates must hold a PhD or PsyD degree in Clinical Psychology. Post-doctoral fellowship in Psycho-Oncology is preferred.

Located in the heart of the Southeast, Charlotte is the largest and most accessible city between Washington, DC and Dallas, TX. Due to its mid-Atlantic location, getting to Charlotte is easy from anywhere in the country or the world, hence its nickname "the International Gateway to the South."

The current population of the immediate metropolitan area is 2.5 million. Charlotte ranks 1st in economic strength while maintaining a cost of living below national average. As the 17th largest city in the United States, Charlotte has significant cultural and education resources. The arts are well supported by the community and the educational system is progressive, with strong schools in both public and private sectors. Charlotte is 2 hours from the Blue Ridge Mountains and 3 hours from many coastal resorts.

Atrium Health, one of the nation's leading and most innovative healthcare organizations, provides a full spectrum of healthcare and wellness programs throughout North and South Carolina and Georgia. Atrium Health has over **2,500 system-employed providers** and more than **60,000 employees**, operating more than **45 acute care and specialty hospitals** and **900-plus care locations**.

### **Levine Cancer Institute**

operates within a unique model of care that provides diverse communities access to world-class care, close to home. This academic hybrid model combines two important bodies of work – academics and oncology research – with compassionate, community-based cancer care.
