INSTITUTIONAL MEMBERSHIP

Join us!

APOS Institutional membership extends member benefits to your staff and offers unique organizational benefits. By becoming an institutional member, you are providing your team with an opportunity to engage within a highly experienced and multi-disciplinary network of researchers, clinicians, academics, and students in the field of psychosocial oncology. Through this membership, APOS partners with you in the professional and personal development of your psychooncology department.

Additionally, as an APOS Institutional Member, your institution will have the opportunity to get involved in a variety of ways such as advertising, showcasing the work and publications of your staff, participating in the annual conference, and more!

Webinar Series

The APOS Webinar series was launched in 2011 to provide ongoing professional education activities that further our mission of advancing the science and practice of psychosocial care for people affected by cancer. Our webinars are developed for multidisciplinary healthcare professionals conducting research and/or patient care activities related to psychosocial oncology.

APOS webinars are streamed live with the opportunity to interact directly with our expert speakers. **All webinars are FREE to all APOS Members!** Non-APOS members can register for our webinar programs, at a cost of \$45 per webinar. Webinar with CE's are \$40 for APOS Members and \$90 for Non-Members.
