

## **Clinical Psychologist – Harold C. Simmons Cancer Center Supportive Care Program**

The UT Southwestern Medical Center Department of Psychiatry, Division of Psychology, is seeking an outstanding clinical psychologist for an Assistant Professor position. The position is primarily clinical with opportunities to participate in research activities through the Cancer Center and across the University. UT Southwestern is a large, cutting edge medical system which includes the William P. Clements Jr. University Hospital, Zale Lipshy University Hospital, and partners with other major teaching hospitals in the Southwestern Medical District, including Children's Health<sup>SM</sup> Children's Medical Center Dallas and Parkland Health and Hospital Systems.

This position will be located in the Psycho-oncology Program within the Harold C. Simmons Cancer Center and larger University Hospital system. The Simmons Cancer Center is one of the elite cancer centers in the country, and the only NCI (National Cancer Institute)-designated comprehensive cancer center in North Texas. The Psycho-oncology program works closely with other disciplines, including Oncology, Social Work, Nutrition, Palliative Care, Pain Management, and Chaplain Services. Within this context, the incumbent will provide these services in additional SCC locations within the Dallas area. These will include the Simmons Cancer Center locations at the Richardson Outpatient Clinic and forthcoming Red Bird Clinic in South Dallas, as well as at the primary Cancer Center on the Dallas campus. Responsibilities of the psychologist include provision of clinical assessment, therapy and biopsychosocial intervention, consultation, and evidence-based program development. Opportunities also exist for involvement in research and teaching in our APA-accredited doctoral program in Clinical Psychology, including supervision of pre- and post-doctoral trainees, and participation in the overall academic mission of the Center.

We are seeking a candidate with a strong background in clinical health psychology, brief therapeutic intervention, clinical supervision, and program development. Candidates must hold a Ph.D. and have demonstrated experience in providing individual therapy, pain management, and palliative care with oncology patients or patients with chronic disease. Further preference may be given to board certified psychologists and to Spanish bilingual candidates. Appointment rank will be commensurate with academic accomplishments and experience. Consideration may be given to applicants seeking less than a full-time schedule. Candidates should apply online and upload a CV and letter of interest.

Interested individuals should send their CV and a letter of interest to:

Reed J. Robinson, PhD  
Director, Psychological Services  
Department of Psychiatry  
Division of Psychology  
UT Southwestern Medical Center at Dallas  
5323 Harry Hines Blvd.  
Dallas, TX 75390-9044.
