

Summary:

This clinical position supports the University of Colorado Cancer Center and the Oncology counseling program. This licensed clinical social worker will provide oncology specific targeted evidence based therapeutic intervention for patients and families going through cancer. This position will support UCHHealth oncology patients in the Metro Denver Region; including University of Colorado Cancer Center-Aurora, Highlands Ranch cancer center, Lone Tree Oncology, and Cherry Creek Medical Center-Oncology.

This clinician will assess oncology patients and/or patient's family, caregivers, and will develop psychological therapeutic treatment plans based on patients needs. This clinician will provide ongoing clinical support and interventions determined by the treatment plan. Given the burgeoning cancer program and inclusion of other multidisciplinary team members in patient care, this clinician will have the opportunity to work closely with all members of the treatment team, including physicians, psychologists, dietitians, social workers, and other support services.

This is an outpatient oncology position and the services will be provided in person and virtually.
