

Clinical Psychology Opportunity in the Atlanta Metro Area — Psychosocial Oncology

An award-winning integrated health system with a strong nationwide reputation is seeking a qualified candidate who is board-certified or board-eligible in clinical psychology to join a team of providers jointly supported by both the Behavioral Health and Cancer Service Lines. This opportunity offers an incredible opportunity to work with an interdisciplinary team comprised of oncologists, radiologists, surgeons, social workers, and nurse navigators.

Opportunity Highlights

- Live + work in the sought-after Atlanta metro area
- The organization is nationally known for its innovative care models + its focus on improving quality and access to healthcare
- Work with a interdisciplinary team specializing in the treatment of cancer patients.
- The incoming candidate will facilitate the development of programs and pathways to deliver consultations, assessments, and interventions for individuals following a cancer diagnosis.
- Competitive Salary, Sign-on bonus + relocation assistance provided
- Comprehensive benefits available
- Doctorate degree (Ph.D./Psy.D.) in clinical or counseling psychology from a program accredited by the American Psychological Association (APA) MD or DO and completion of an APA-accredited internship in a medical setting

Community Information

With a population of nearly 6 million and the home to 16 Fortune 500 companies, the Atlanta metro area is an ideal place for providers to live and work.

- Atlanta and its surrounding suburbs boast some of the top schools in the state
- Ranked #18 in “Best Cities for Young Professionals in America” (*Niche*)
- Plenty of outdoor activities to enjoy year-round
- Ample amenities, including the world’s busiest international airport, incredible dining and shopping options, arts and cultural attractions, and professional sports teams
- A lower cost of living than most major U.S. cities
- Charming neighborhoods, incredibly scenic surroundings, and a temperate climate
