The APOS Professional Education Committee launched the #APOSWebinarSeries in 2011 to provide ongoing professional education activities that further our mission of advancing the science and practice of psychosocial care for people affected by cancer. Our webinars are developed for multidisciplinary healthcare professionals conducting research and/or patient care activities related to psychosocial oncology.

All webinar requests should be submitted to the APOS Executive Office at least 45 days of the proposed date(s). Please return this form with your headshot to info@apos-society.org for consideration.
